Pay scale of non-teaching staff of Central universities

2050. SHRI KALPNATH RAI: Will the Minister of HUMAN RESOURCE DEVELOPMENT be pleased to state:

(a) whether it is a fact that as per the recommendation of the cadre review committee appointed by University Grants Commission, non-teaching employees of the Central Universities drawing pay scale upto Rs. 425—800 were covered under stagnation scheme and granted next scale;

(b) whether it is a fact that pay scales of many categories falling under these pay scale slabs had already been upgraded;

(c) whether it is also a fact that employees drawing pay scale of Rs. 650—1200 have not been considered on the grounds that their pay scales have already been revised; and

(d) if so, what are the details thereof and the steps Governments propose to take to give stagnation scales to the eligible persons in the scale Rs. 650—1200?

THE MINISTER OF STATE IN THE DEPARTMENT OF EDUCATION AND CULTURE (SHRIMATI KRISHNA SAHI): (a) to (d) Some Central Universities had on their own granted higher pay scales for certain categories of employees leading to disparities in the scales of pay for similar posts in other Central Universities. To remove such disparities, the Joint Review Committee of the Central Universities recommended that such employees who have rendered 8 years' of satisfactory service in a pay scale or have been stagnating in the same grade, may be permitted a "one-time upward movement" in the next higher grade. The recommendations of the Committee were accepted by the University Grants Commission. The employees in the pay scale of Rs. 650—1200 are not entitled to this benefit as disparities were below this level.
